

ToxBooster™ *Treatment*

WHY STOP AT WRINKLES?

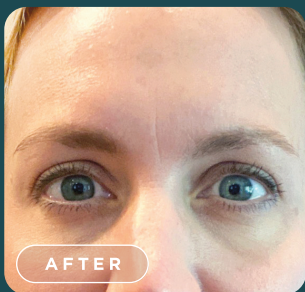

Combat all signs of aging with a ToxBooster™ treatment: VI Peel® and neurotoxin in a single appointment.

Treatment of dark spots and wrinkles
Results 30 days after ToxBooster™ Treatment

Treatment of dark spots, tone and texture, and wrinkles
Results 30 days after ToxBooster™ Treatment

Treatment of sun damage and wrinkles
Results 30 days after ToxBooster™ Treatment

VI PEEL®

One appointment. Superior results.

STEP 1

VI Peel® stimulates collagen, corrects hyperpigmentation, and improves skin texture

STEP 2

Wrinkle relaxers smooth fine lines by relaxing facial muscles

Clinically Proven Results

VI Peel® is the ONLY chemical peel clinically studied for combined same day use with neurotoxin.

60%

decrease in wrinkles
(vs. 37% with toxin alone)

100%

of patients felt their skin
looked better in just 7 days

59%

reduction in sun damage

70%

enhancement in overall
skin tone

Safe for *all skin types and tones*

*Clinical Study conducted by Dr. Wendy Roberts (FAAD). Data shown after 30 days with VI Peel® + Neurotoxin combined vs. 7 days when Neurotoxins reach peak performance. See the actual Clinical ToxBooster Treatment Study at vipeel.com M1052
